

**Solventborne**

**Product name**

**ALUKIDIR EZ-5009-60-PR**

**Description**

ALUKIDIR EZ-5009-60-PR is a solventborne urethane modified alkyd resin. ALUKIDIR EZ-5009-60-PR has excellent recoatability and fast drying properties. It is recommended for heavy machinery coatings.

**Applications**

Heavy machinery coatings.  
Metal coatings.

**Key features**

Fast drying.  
Recoatability.

**Characteristics**

	<b>ALUKIDIR EZ-5009-60-PR</b>
<b>Appearance</b>	Clear liquid
<b>Solids content, weight %</b>	59.0 - 61.0
<b>Viscosity, Gardner 25°C</b>	Y - Z1
<b>Color, Gardner</b>	13 max.
<b>Acid value on solid, mgKOH/g</b>	1.3 - 2.7
<b>Type of oil</b>	Soya bean, Rice bran
<b>Oil length, %</b>	50
<b>Solvent</b>	White spirit / Isobutanol

**Storage**

Store in a cool, dry, well-ventilated place at temperatures below 25°C.

**Safe handling note**

Refer to SDS for ALUKIDIR EZ-5009-60-PR.
