

Non-solvent

UV Curable

**Product name**

**LUXYDIR ZHU-1745**

**Description**

LUXYDIR ZHU-1745 is a solvent free urethane acrylate UV curable resin. LUXYDIR ZHU-1745 has excellent hardness and abrasion resistance. It is recommended for consumer electronics hard coatings.

**Applications**

Automotive interior coatings.  
Consumer electronics.

**Key features**

Hardness.  
Abrasion resistance.  
Solvent free.

**Characteristics**

<b>LUXYDIR ZHU-1745</b>	
<b>Appearance</b>	Light yellow clear liquid - slightly turbid liquid
<b>Solids content, weight %</b>	98 min.
<b>Viscosity, Gardner 25°C</b>	Z3 - Z6
<b>Color, Gardner</b>	1 max.

**Storage**

Store in a cool, dry, well-ventilated place at temperatures below 25°C.

**Safe handling note**

Refer to SDS for LUXYDIR ZHU-1745.  
Please confirm with our sales representative regarding chemical regulatory status of intended countries.
